ABOUT US

Inspection Board is a leading ISO certification body, specializing in helping SMEs achieve standards like ISO 9001 and ISO 27001

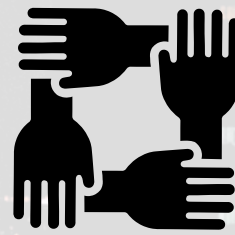

We focus on personalized certification processes and are committed to enhancing our clients' quality management and market competitiveness

VALUES

Impartiality

We are committed to ensuring impartiality in all our certification activities, understanding its importance in maintaining the integrity and credibility of our certification process.

Competence

Our team consists of highly skilled and knowledgeable professionals, ensuring that all audit and certification activities are carried out with proficiency and expertise.

Openness

We foster a culture of openness, providing access to, and disclosure of, information about our audit and certification processes, while respecting confidentiality where applicable.

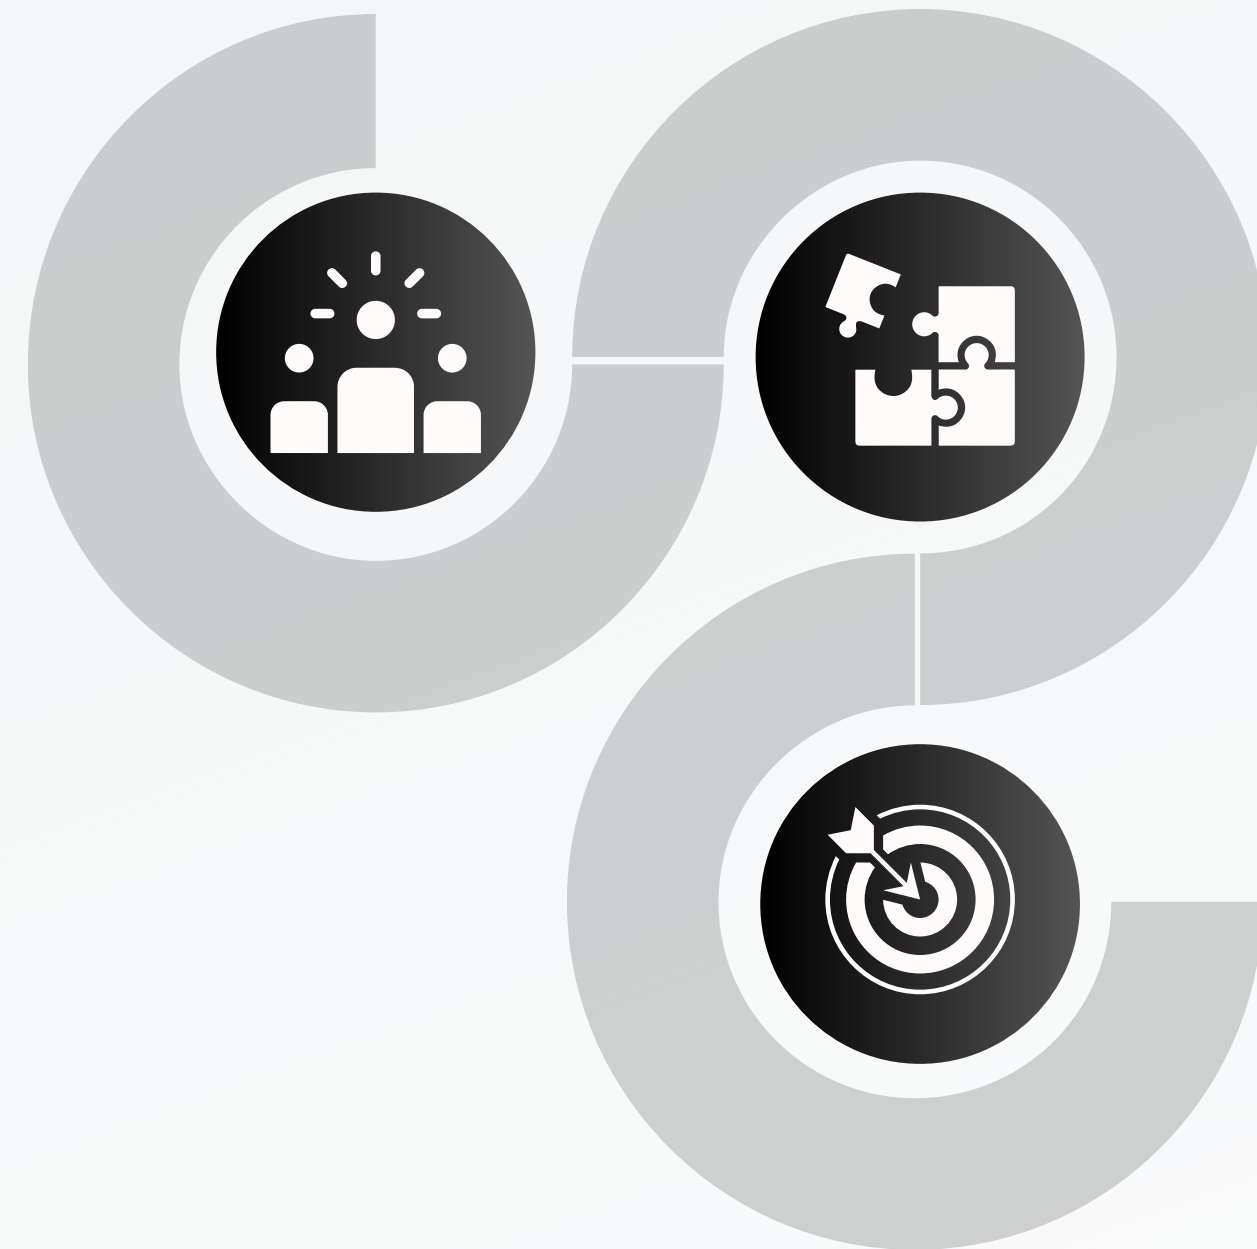

Confidentiality

We strictly maintain confidentiality of all information obtained during the certification process, ensuring it is not disclosed inappropriately.

WHY INSPECTION BOARD?

- 01 Customized Solutions:** Our personalized approach ensures your certification process is specifically tailored to your business needs.
- 02 Confidentiality & Support:** Your data remains confidential with us, and our responsive customer support is always ready to assist.
- 03 Global Recognition:** Partner with us for a certification that enhances your reputation and opens doors to international markets.

THE PROCESS

01

Enquiry

We Determine some information ex: your scope, your certificate, number of people and many other information

02

Stage 1 Audit

We Audit and Review your Management System documents and records also we audit the implementation of Internal Audit and Management Review

03

Stage 2 Audit

We audit the Implementation of your Management System and we raise audit report

04

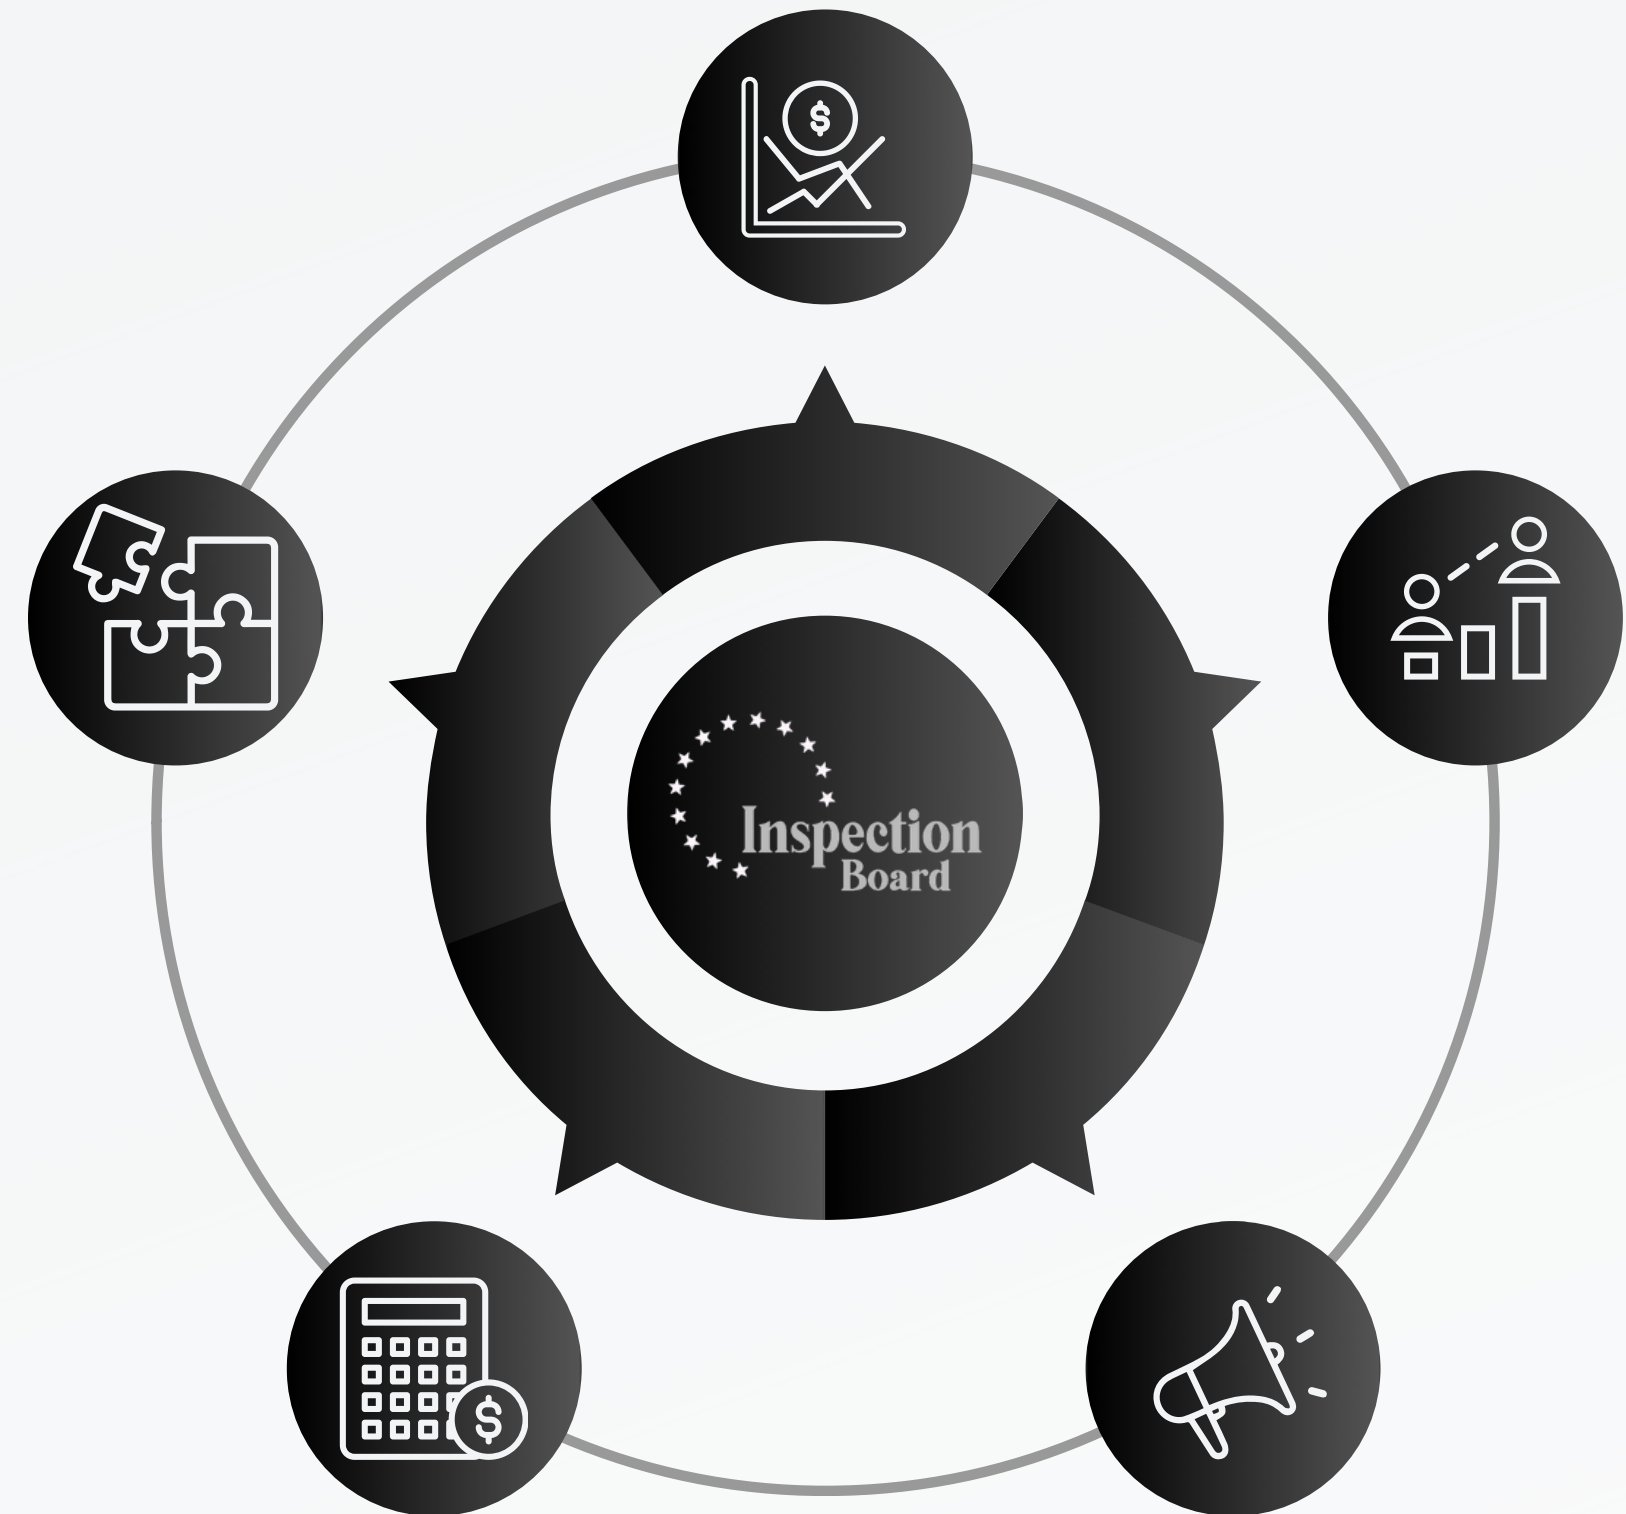

Certification Approval

After you determine all of the corrective Actions we Issue the Certificate for your company (the certificate validity is 3 years)

05

Surveillance Audits

During the certificate validation time we audit your management system once every year to make sure that you still implement the management system
In the end of each 3 years we Audit the management system again in order to re-certificate your Management System

2ND YEAR

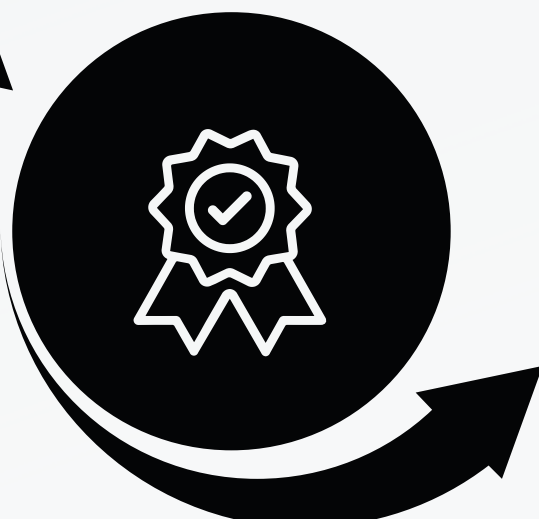

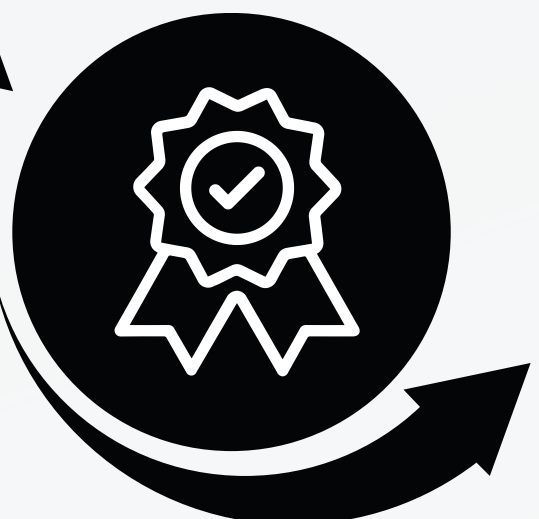

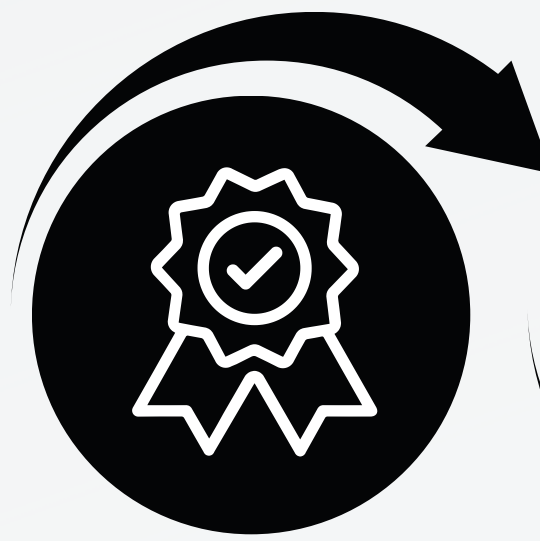

1st Surveillance Audit
to check the
implementation of the
management system

4TH YEAR

Re-Certification audit,
we Issue a new
Certificate for your
management system
Valid for 3 years

7TH YEAR

We continue 2nd
Surveillance Audit and
we repeat the cycle
again for the
certification process

FIRST YEAR

Certification Audit
and then we Issue
the certificate

3RD YEAR

2nd Surveillance Audit
to check the
implementation of the
management system

5TH YEAR

We start again 1st
Surveillance Audit to
check the
implementation of the
management system
